ASCE-VIT TECHNICAL DIVISION

## About VIT

VIT University, one of India's premier universities, was established with the aim of providing quality education on a par with international standards. The campus has a cosmopolitan atmosphere with students from all corners of the globe and has over 35,000 students, around 1,400 faculty and 1,413 staff, with students from 60 countries and from every state of India. VIT is consistently ranked among the Top 10 Institutes of India and has the second highest number of research publications in South India.

VIT University has 12 constituent schools within it, amongst which the school of Civil and Chemical Engineering (SCALE) is one of the oldest and the best performing schools. The faculty members of the school are actively involved in executing a number of R&D and consultancy projects from government agencies.

# About Eklavya

Team Eklavya is a group of aspiring Civil Engineers, operating at VIT, Vellore. Our team aims to innovate in the field of civil engineering.

Eklavya was formed with the objective to make learning a practical exercise and to innovate by adopting new technologies in the field of civil engineering.

We participate in the prestigious National Concrete Canoe Competition organised by the American Society of Civil Engineers. This competition enables our team to experiment with various materials that can be used in concrete and by trying and testing various mixes to obtain the most durable and light mix.

We are thus gearing up for a very enlightening experience and would be much obliged if you could be a part of this journey of learning and innovation where we transform our dreams to reality.

## About ASCE

The American Society of Civil Engineers is an international organisation that represents more than 15,000 members of the civil engineering profession in 177 countries. Founded in 1852, ASCE is the nation's oldest engineering society.

ASCE's maiden Indian journey began in the year 1988 with the vision to raise Indian civil engineering to a global platform. American Society of Civil Engineers - India Section's primary objective is to encourage and provide a stage for all its member students, professors, researchers, practicing engineers working in the field of civil engineering either directly or indirectly, to enhance their technical and professional development.

ASCE-VIT was initiated in the year 2011, with the aim of bringing the budding civil engineers of one of India's best universities under one roof so that they can improve their technical knowledge and use it for innovation in the civil engineering industry. ASCE-VIT is the nation's most active civil engineering body at the institutional level. ASCE-VIT began its journey to reach the pinnacle of civil engineering education by organizing a national level civil engineering symposium, the International Civil Engineering Symposium (ICES). We, at ASCE-VIT, believe that the youth is the future of tomorrow, and so to achieve this it is extremely crucial to engage the youth in processes aimed to positively impact the society.

## Reach of Eklavya

Estd. in 2015, it is one of the very well-known teams of VIT. Almost all the staff and students in VIT are aware of Team Eklavya, its work and its achievements. Team Eklavya is popular not only in India but worldwide due to its excellent performance in the National Concrete Canoe Completion held by ASCE every year.

# Team Eklavya

Team work is the ability to work together towards a common vision. The ability to direct individual accomplishments towards organisational objectives. It is the fuel that allows common people to attain uncommon results.

Team Eklavya is known for its extraordinary team work. We aim to always shine in the field of civil engineering and to keep achieving new heights across all odds. To continue with our winning streak, we need a support that you can provide us by being a part of us. After all it takes two flints to make fire!

Engineering beyond bulls eye

- team Eklavya

# Year's of Eklavya

ASCE-VIT , was established

Casted the first concrete canoe "The Poseidon" for the competition held at IIT Madras

Casted the concrete canoe "Ambush" for NCCC held at North Carolina, USA

1984

Vellore Institute of Technology, Established

2011

2015

Team Eklavya was formed to explore the new horizons in the field of civil engineering.

2015

2016

The first ever team from India to participate in the "National Concrete Canoe Competition" with its concrete canoe "Holi" held in University of Texas at Tyler

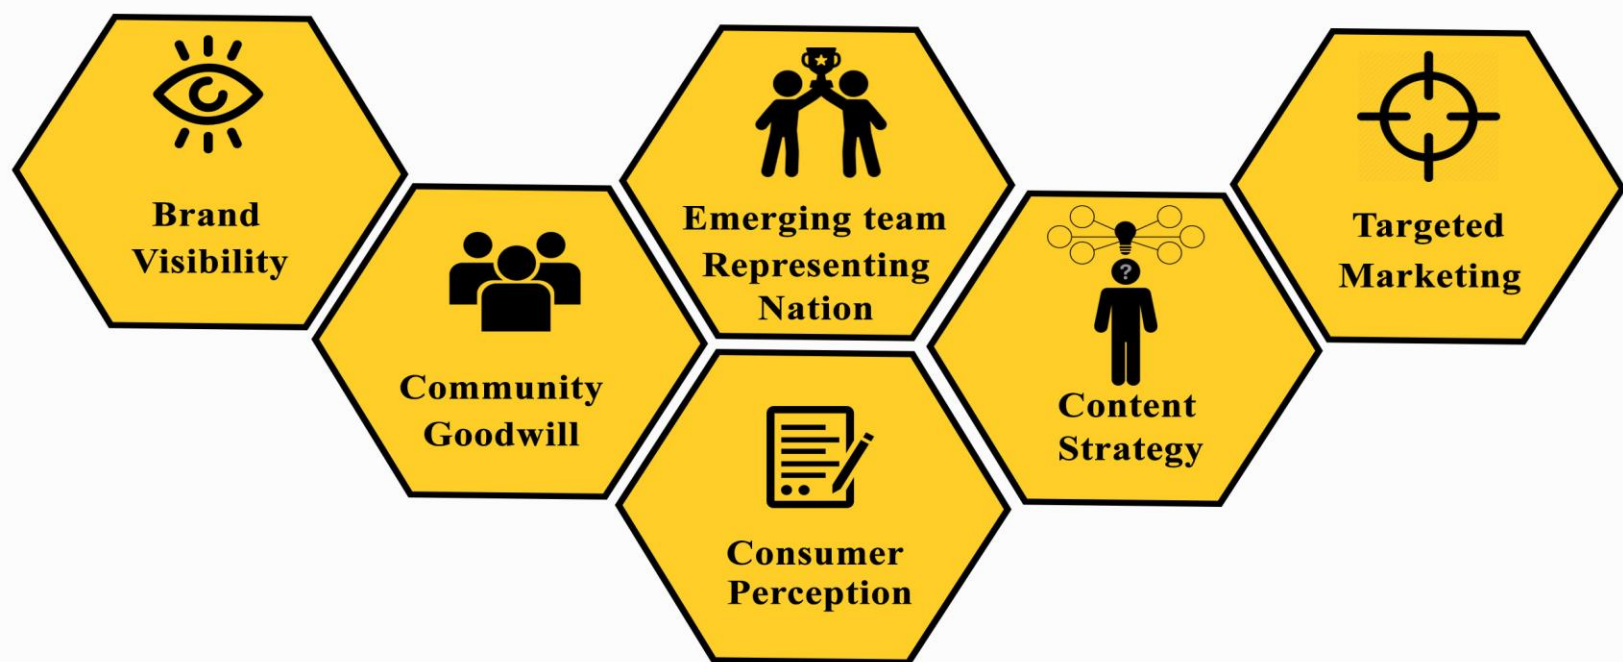

2017

2018

Casted concrete canoe "Karvaan" for the NCCC finals being held at San Diego

# Why should you sponsor us ?

# Accomplishments

“There is a real magic in enthusiasm. It spells the difference between mediocrity and accomplishment.”

-“Norman Vincent Peale”

## Dr. David Bayer Sportmanship Award

Team Eklavya bagged Dr. David Bayer Sportmanship Award during ASCE Concrete Canoe Competition held in Greensboro, North Carolina, USA.

## ASCE competition held at Charlotte USA 2017

- 1st Runner up in building lightest canoe weighing 196lbs.
- Overall 5th in design paper and presentation.
- 4th in Surveying.

Civil Engineering Association  
IIT Madras

### CEA IIT MADRAS- competition held at IIT-Madras 2017

- Ist prize in Sustainability Design Challenge
- Ist prize in debate.
- 2nd and 3rd prize in Bon AutoRoutier.

Secured top position in  
Competition Organized by Ramco  
India, Southern Region.

### IZNIK - VELAMMAL ENGINEERING COLLEGE, CHENNAI, 2018

- 1st position in PREZENTARE DE HARRIS ( presentation)
- 3rd position in CALCESTRUZZO (mix design)
- 2nd and 3rd position in MODELARE ( model making)
- 3rd position in ARTISTIC HUNT

### CONCLASH - KONGU ENGINEERING COLLEGE, ERODE, 2018

- 1st and 2nd prize in motor concrete canoe race.
- 1st prize in FRC Bowling ball

# Packages

## Platinum

- Advertised as the “Title Sponsor” of the 1.5m canoe.
- Display of sponsor logo on both sides of the 1.5m canoe.
- Special Mention in the team’s promotional video.
- Display of logo on Official Team Banners.
- Display of logo on Team merchandise .
- Logo on conference kits of ICES 19.
- Complete marketing through Eklavya’s Social media pages.
- 9 personalized team T-shirts and merchandise exclusively designed.

## Gold

- Display of sponsor logo on one side of the 1.5m canoe.
  - Display of logo on official team banners.
  - Display of logo on team merchandise.
  - Complete marketing through eklavya’s social media page.
  - Special mention in the team’s promotional videos.
  - Full scale publicity during college fests.
  - 6 personalized team T-shirts and merchandise exclusively designed.
